

FIG. 1

FIG. 2

A schematic diagram of a device 10. The device consists of a U-shaped structure 12, a central vertical element 20, and a rounded rectangular element 22. The U-shaped structure 12 is connected to a circuit 18, which is represented by a horizontal line with break symbols at both ends. The central vertical element 20 is connected to the bottom of the U-shaped structure 12. The rounded rectangular element 22 is connected to the bottom of the central vertical element 20.
